Subject: Zoning Amendment Opinion

To whom it may concern,

My husband and I live at [REDACTED] Fir Crescent on Selkirk Hill and we are opposed to the rezoning of the lot on the corner by our house. We agree with the arguments put forth in the online notice and we value the stability and demographics of those who buy single family homes. It is the reason we bought where we did. We are not interested in our neighbourhood being the answer to 'more affordable housing' or 'the short term rental problem'.

Sincerely,
Jessica & Brandon Churchill
